ASSEMBLY INSTRUCTION

Carefully remove the parts from the wooden board as shown on the drawing. Be cautious, try not to break any parts. If you are unable to remove them, cut the connections with a knife. The puzzle is assembled without application of glue.

To avoid difficulties with the installation of the wooden axis, wax the details with a regular candle before the installation and during the assembly process. This will improve the sliding of the parts in the future.

DE

Anleitung zum Zusammenbau: Entferne die Teile vorsichtig von der Holzplatte, wie in der Zeichnung gezeigt. Bitte achte darauf, dass du keine Teile abbrichst. Gelingt es dir nicht, die Teile ganz zu entfernen, schneide die Verbindungen mit einem Messer durch.

Beim Zusammenbau des Puzzles wurde kein Leim verwendet. Damit es beim Einbau der Holzachse nicht zu Schwierigkeiten kommt, solltest du die Teile vor dem Einbau und während des Zusammenbaus mit einer normalen Kerze wachsen. Auf diese Weise lassen sich die Teile in Zukunft besser verschieben.

FR

Instructions de montage: Retirez avec précaution les pièces de la planche de bois comme indiqué sur le dessin. Soyez prudent, tâchez de ne pas casser de pièces. Si vous ne parvenez pas à les retirer, coupez les connexions avec un couteau. Le puzzle est assemblé sans application de colle.

Afin d'éviter des difficultés lors de l'installation de l'axe en bois, il est conseillé de cirer les éléments avec une bougie ordinaire avant l'installation et pendant le processus de montage. Cela permettra d'améliorer le glissement des pièces pour l'utilisation à l'avenir.

ES

Instrucciones de montaje: Retira cuidadosamente las piezas del tablero de madera como se muestra en el dibujo. Ten cuidado, intenta no romper ninguna pieza. Si no puedes retirarlas, corta las uniones con un cuchillo. El rompecabezas se monta sin necesidad de aplicar cola.

Para evitar complicaciones en la instalación del eje de madera, encera las piezas pequeñas con una vela corriente antes de instalarlas y durante el proceso de montaje. Esto hará que las piezas se deslicen mejor en el futuro.

組み立ての手順

図のように、木製のボードから慎重にパーツを取り外してください。部品を壊さないようご注意ください。どうしても外せない場合は、接続部分をナイフなどでカットしてください。このパズルは、接着剤を使わずに組み立てられています。

木製の軸となる部品の取り付けを容易にするために、取り付け前と組み立て中に一般的なろうそくを使い、細部にろうを塗ってください。こうすることで、部品のすべりが良くなります。
